

HISways USA, Inc. "Parents' State of Education Message." 2005

SCOPE: The Contract With Public School Parents for The HISways™ Privately Licensed, All Volunteer, Nondenominational, Independent, Christian {PLAVNIC} Charter Public School.

Returning the Bible and Wisdom principles to our public school children under our 1st Amendment. (Non denominationally) END

In the course of this ministry to public school (PS) children it became increasingly apparent that there was an inordinate number of obstacles and overriding influences obstructing evangelical and religious parents and families from obtaining the preferred type of PS attitude, or PS spiritual environment for their children which hasn't been positively touched in over 100 years of reforms. *"The only people who seem to have nothing to do with the education of the children are the parents."* - G.K. Chesterton (approx. 1905)! And parents want an alternative.

This Scope contains the series of documents that will identify some of these irrational and inappropriate obstacles and provide an alternative work-around solution to benefit those evangelical children, parents and families. The work-around plan is based on conscientious objection to the Supreme Court's covert Secular Religion which we define and prove in the links below. The work-around plan is called **The HISways™ PLAVNIC Christian Public School**. The PLAVNIC acronym stands for: *"Privately Licensed, All Volunteer, Non denominational, Independent, Christian Charter Public School."* Someone has already remarked: **"That's impossible!"** However, ignoring the doubters, Hisways USA, Inc. has produced *"The Parents' PLAVNIC PETITION For Redress From The Supreme Court's Secular Religion in Public Schools."* Its purpose is to generate groups of like minded parents and families to incorporate the work-around plan in their child's school. The second article is *"The Hisways™ PLAVNIC RESOLUTION For Redress From The Supreme Court's Secular Religion in Public Schools."* which describes the PLAVNIC plan and provides the objectives for licensing the work-around plan in the local public school system. The purpose for The Resolution page is to establish the basic non denominational parameters of operation and policy upon which the major denominations of the USA's default religion can agree. When the nondenominational Resolution is approved by the major denominations it will maximize agreement among parents of multi denominational communities. The PS issue isn't the 'gnats' of denominationalism but swallowing the 'camels' of secularism. (*Matt. 23:24*)

The **PLAVNIC CPS** solution has been developed from the perspective of an evangelical Christian parent, grandparent and tax payer believing that the majority of obstacles to the preferred type of public education has been imposed by past and present Supreme Court decisions. After a little study it was observed the Supreme Court decisions began as a series of compromises between the new socialized government education system from the 1840's to date; plus the 1859 Blaine Amendments (Catholic denominational discrimination both federal and state) by which the antagonists still use to censure speech and thereby covertly establishing The Secularist State Religion. On top of these two, The Court waves new "emanations and penumbras" (smoke and mirrors) otherwise called "separation of church and state" to deny free expression of the USA's default religion. The **PLAVNIC CPS** solution is designed to fairly and constitutionally work-around all of these obstacles.

In order to demonstrate that it is not only possible but urgently necessary for parents to reshape their child's **'In Loco Parentis'** ^{3D} **school spirit**, the following documents will be introduced to verify the basis for conscientious objection.

1st. The first point to demonstrate is that The Supreme Court, maybe unknowingly, has established **"The Secular Religion"**. This is demonstrated in: [The Establishment of "The Secular Religion" in the USA.](#), This document actually came from another source; but it is a very nice summary of some of the contemporary, multiple, unconstitutional, cumulative and interlocking Supreme Court decisions which, collectively, has established The Secular Religion. Here is our footnote excerpted from that page: *'The author of this page understated the consequences of these Court decrees because most of these cases, plus the 6,000 other 'separation of church and state' cases, apply toward the covert establishment of The Supreme Court's Secular Religion especially where the court denies Truth, and denies 'the free expression' of religion, and requires that worm of infidelity: 'a secular purpose'.*

2nd. The second point is proselytism ^{8D}. [How "The Secular Religion" PROSELYTIZES In Public Schools.](#) This is accomplished through a series of HISways™ articles of **outrageous secular dogma** in the public schools. [*Click through the Links OR use the PopUps* [[E](#)] OR [FRAMES \(Green\)](#)], [1. Federal-Church.htm](#) [[E](#)], The following document: [2. The "Engine of Atheism"](#) [[E](#)], has this quote:

"It is capable of exact demonstration that if every party in the State has the right of excluding from the public schools whatever

he does not believe to be true, then he that believes most must give way to him that believes least, and then he that believes least must give way to him the believes absolutely nothing, no matter in how small a minority the atheists and the agnostics may be." taken from A. A. Hodge's Evangelical Theology. (1890). Then those that believe nothing will give way to those who believe that evil should be legal!

Excessive narrowing of facts and denial of truth and infusion of secular dogma is standard proselyting policy in today's modern public school system. Proof of the secular dogma continues with: "What others are saying about the [3. "MAD" Curriculum](#) [[☞](#)]", and the: [4. 'Table A' Duplicit Organizations](#) [[☞](#)], and, [5. "DECEIT of 'Sexual Orientation'](#) [[☞](#)] which is an expose of 'The Duplicit Organizations' proselytizing and recruitment document. Consider whether 100+ years of proselytism has affected our American institutions e.g. family, church, community, corporate, and government.

3rd. The third point to demonstrate is not a Hisways goal. It is a poignant political exercise that majestically and emphatically confirms basis points one and two. It is entitled: [How To Disestablish "The Secular Religion": Using Thomas Jefferson's Model. | Applying Thomas Jefferson's 1777 Draft of The Religious Freedom Act.](#) [[☞](#)], This Hisways quote describes the point of the exercise: "This modified model is designed to pose an answer to the hypothetical question: "Would Jefferson have added similar comments like these if he knew that he had to also disestablish The Secular Religion for the sake of religious liberty?" Another related, but very important point makes it very clear that the Virginia legislature was not at all concerned about **limiting the religious expression of other religions** foreign to America! The footnote is reprinted here for instant clarity:

² This Jefferson quote, made after passage of the Act, refers to the 3rd bullet of Section I. of this document. "The Bill for Establishing Religious Freedom ... met with opposition, but, with some mutilations [deletions] in the preamble, it was finally passed and a singular proposition proved that its protection of opinion was meant to be universal. Where the preamble declares that coercion [of body and mind] is a departure from the plan of the holy author of our religion, an amendment was proposed, by inserting the words 'Jesus Christ,' so that it should read, 'a departure from the plan of Jesus Christ, the holy author of our religion.' The insertion was rejected by a great majority, in proof that they meant to [protect] the Jew and the Gentile, the Christian and Mahometan, the Hindoo, and Infidel of every denomination." -- Thomas Jefferson 1821.' (ref. [Footnote #2](#))

Thomas Jefferson also touches on 'public contributions' i.e. school taxes which clarifies the parent versus the tax payer debate. Once it is accepted that The Supreme Court's covert Secular Religion actually exists, and, that it quashes free expression; and, that it truly proselytizes public school children, families and communities it is simple to see how and why parents, teachers and tax payers of the default religion of the USA have been denied their religious freedoms especially in public schools to the detriment of many generations!

The evangelical parent is now set to execute [The Resolution](#) and [The Petition](#) for immediate redress by **conscientious objection**. [The Petition](#) is shorter and complete and is presented first [[☞](#)] "[The Parents' PLAVNIC PETITION For Redress From The Supreme Court's Secular Religion in Public Schools.](#)" .

[The Resolution](#) is a work-in-progress and is presented for the evangelical denominations of the USA's default religion as a nondenominational resolution for approval for their members: [[☞](#)] , "[The Hisways™ PLAVNIC RESOLUTION For Redress From The Supreme Court's Secular Religion in Public Schools.](#)" .

The final paper in this series explains: (1.) [Who is, and What is, The Secular Religion?](#) . It also explains: (2.) Why "The Secular Religion" is in every classroom; and, (3.) Why it will always exist in every classroom. (4.) And, why it is important for parents and teachers to handle it with [The HISways PLAVNIC License](#) in the classroom rather than The Supreme Courtroom. This also includes an explanation of our philosophy of education.

Final note: If [The Petition](#) doesn't generate sufficient neighborhood children to fill the whole "neighborhood school", consideration will be given for a [Hisways PLAVNIC CPS License](#) to be applied to a fraction of the school's classrooms.
